GOVERNMENT MUST NEVER BE AT MERCY OF UPPER OR LOWER MOB DECLARES COX

Democratic Candidate Says that
Favoritism Produces
Radicalism.

SEATTLE'S QUOTA IS
ALMOST COMPLETED

Letter Read Showing That Slush
Fund Being Raised in
West.

(International News Service)
BELLINGHAM, Wash., Sept. 11.—
Government must never be at the
mercy of a lower or upper mob, Gov-
ernor James M. Cox, democratic nomi-
nee for president, declared in a
speech here today, and asserted that if
government is kept always responsi-
ble to the will of the people there
will be neither exploitation of the
workers or injustice to the employer.
Evidence purporting to show that
Seattle has raised \$60,000 of its \$65,-
000 allotment was submitted by
Governor Cox in the form of a letter
which he said was signed by H. F.
Alexander, chairman of the republican
finance committee, and in the same
document the quota of Pierce county,
Washington, was given at \$20,000.
"I hold," said Governor Cox, "that
in the United States there is no cause
for extreme radicalism if government
is fair and there are no special priv-
ileges to any one. Just as sure as
the pendulum swings to the extreme
right of favoritism and unfair priv-
ilege, there is certain to result a
swing to the extreme left of radical-
ism, with a resultant smash."

SITE COMMITTEE IS COMING HERE

DAVISON AND MOSLEY WILL
VISIT ALBANY TUESDAY OR
WEDNESDAY

Rev. J. A. Davison, of Selma and H.
R. Mosley, of Pineapple, are expected
here Tuesday or Wednesday to look
over sites in Albany for the Baptist
state hospital.

A strong fight is being waged by
Albany to obtain the location of the
institution here. Huntsville, Selma,
Tuscaloosa, Bessemer and Birming-
ham also are making determined ef-
forts to obtain the hospital and it is
understood large sums have been of-
fered by more than one community.

The visiting members of the loca-
tion committee will leave Selma Mon-
day on their inspection tour, visiting
Tuscaloosa, Bessemer, Birmingham
and Albany in the order named.

FREE LECTURE AT PRINCESS SUNDAY

DR. T. C. BLASINGAME WILL
SPEAK TO MEN ONLY AT
3 P. M.

A free lecture to men only will be
delivered Sunday afternoon at 3
o'clock at the Princess theatre by Dr.
T. C. Blasingame, of Montgomery,
leader of the crusade of the state health
department against venereal dis-
eases.

Use of the Princess was donated
free-of-charge by the management.
Dr. Blasingame's lecture will deal
with the department's work against
social diseases in the state.

Kentucky Teacher Is Murdered On A Lonely Trail

LEXINGTON, Ky., Sept. 11.—Ar-
rest of the slayer of Miss Laura
Parsons, a school teacher, who was
murdered on a lonely mountain trail,
is sought by Harlan county authori-
ties today.

Miss Parsons, a teacher at the Pine
Mountain settlement school, was at-
tacked by a man and slain as she was
walking across the mountains to take
a train to her home at Berea, Ky. Her
throat was cut, her body beaten with
a fence rail, and the body then thrown
across a precipice.

ITALIAN FACTORIES SEIZED BY WORKMEN

Government So Far Is Preserving Neutral
Policy in Industrial Revolution.

(International News Service)

LONDON, Sept. 11.—With the Ital-
ian government maintaining a policy
of neutrality, Italian workmen today
began extending their occupation of
factories in their campaign to impose
the soviet system upon the whole of
Italy's industry, according to advices
from Rome.

Textile plants at Turin and a great
chemical factory at Milan have been
seized. The dock workers at Genoa,
who have already joined the industrial
revolutionists, seized the steamship
Rodoisto which was about to sail for
Sébastopol.

Extremists among the socialists
are demanding a revolution and the
abdication of King Victor Emanuel,
but this is opposed by the moderates
who declare that only industrial re-
forms are sought.

Premier Giolitti is expected to re-
turn to Rome tomorrow from Aix-
Les-Bains. His arrival probably will
be followed by announcement of the
policy that the government will fol-
low, now that the negotiations be-
tween the iron and steel workers and
the employers have apparently failed.

The general confederation of labor,
which convened yesterday at Milan,
is reported to have decided to support
the iron and steel workers who in-
augurated the soviet government.

EXTREMISTS LOSE OUT

(International News Service)

MILAN, Sept. 11.—A stormy con-
ference of socialistic deputies and
leaders of the general confederation
of labor on the Italian industrial rev-
olution continued throughout the
night. There were indications that
the extremists who seek to put in-
dustry under the control of soviet
throughout Italy were in the minor-
ity at the meeting.

MEMBERS OF COAL COMMISSION LEAVE

WILL RETURN TO BIRMINGHAM
AFTER WEEK-ENDING AT
HOME

(International News Service)

BIRMINGHAM, Sept. 11.—Mem-
bers of the coal commission, appoint-
ed by Governor Thomas Kilby, left
Birmingham this afternoon to spend
the week-end at their homes. They
will reconvene here Monday and con-
tinue their hearings on the coal situa-
tion in Alabama. Operators here
continue to minimize the effect of
the coal strike and submitted data
last night that tended to show the
normal production in Alabama coal
mines had been impaired only 15% by
the strike. Miner's officials declare
that the men are continuing to leave
their jobs and that the walkout will
not reach its crest until Monday.

Evans Leading Ouimet at 18th

(International News Service)

ROSLYN, L. I., Sept. 11.—Chick
Evans, of Chicago, established a 2
hole lead over Francis Ouimet, of
Boston, today in the first 18 holes of
their match for the American amateur
golf championship. For the first time
in the tournament Ouimet lost his line
putting and it was on the green that
Evans gained his advantage.

HEIRESS WHO FLED FROM HOME DRESSED AS BOY FOUND DOING FARM WORK

(International News Service)

BOSTON, Sept. 11.—Miss Louise
Fletcher, the missing 17-year-old
heiress, was found this afternoon at
work on a farm between Ipswich and
Rowley.

She rode to the Ipswich farm in a
dory from her Gloucester summer
home and immediately obtained em-
ployment as a servant in a farm
house.

SOLDIER'S BODY IS BROUGHT HOME

ANDREW BEVIRS WILL BE LAID
TO REST AT FLINT
TODAY

The body of Andrew Bevirs, Morgan
County soldier who made the supreme
sacrifice, will be laid to rest under the
soil of the land he loved this after-
noon. The body of the soldier arrived
at Flint this morning from England,
via New York and will be buried sat-
urday afternoon in the family burial
ground near Flint.

Members of the American Legion
will attend the services.
The soldier died aboard a transport
while en route to France with one of
the earlier units of the American
Expeditionary Forces.

INITIAL CONVENTION NEW BAPTIST UNIT IS BROUGHT TO CLOSE

The first annual session of the new-
ly organized Morgan County Baptist
Association was held at Hartselle
Thursday and Friday, coming to a
close Friday afternoon after a most
enthusiastic meeting.

Officers were elected as follows:
Moderator—Rev. J. F. Stuckey.
Clerk—Rev. J. I. Stockton.
Treasurer—John A. Thomason.

The Morgan County Baptist As-
sociation is a division of the Muscle
Shoals Baptist Association, which in-
cluded the counties of Lawrence and
Morgan. The association was divided
at its 100th annual convention last
year. A short time later a meeting
of the new branch was held at Harts-
elle and a temporary organization
perfected. The meeting which opened
Thursday was the initial formal meet-
ing of the association.

Conditions Good
Reports made by the various com-
mittees on Baptist endeavors reported
the work is progressing rapidly.
Rev. Stuckey, who returned here to-
day, stated.

"Our committees showed the work
in fine shape in Morgan County," he
said. "The meeting was very enthu-
siastic. While the organization has
not departed from the sound scriptural
doctrines of the Baptist faith, it is
modern in every respect."

"We feel that we have organized a
hard-working organization for the
advancement of the work of the King-
dom in this county."

To Rev. Stockton falls the distinc-
tion of being perhaps the only man in
the Baptist annals of the state who
has held the clerkship of two asso-
ciations at the same time. Rev. Stock-
ton is the clerk of the Muscle Shoals
Association and will continue in that
office until his successor is elected
at the October meeting.

Wilks Speaks at State S. S. Meet

Rev. W. P. Wilks, pastor of the
Central Baptist church, returned last
night from Birmingham where he
delivered an address Friday before the
Baptist state Sunday School conven-
tion.

Dr. Wilk's subject was "Missions
and the Sunday School."

WILKS SPEAKS AT STATE S. S. MEET

Miss Fletcher was attired as a boy.
She declared that she was happy
doing farm work. Her discovery came
as the result of information furnished
by the farmer to City Marshal Carey
of Gloucester, who motored to Ips-
wich and took her to Gloucester. The
farmer hired her in the belief that
she was a boy.

"It looks like a spanking case to
me," remarked the marshal.

DAN GILCHRIST GETS ONE YEAR AND DAY FOR MANSLAUGHTER ON VERDICT OF JURY

Noted Case Brought to End in
the Lawrence Circuit
Court.

BITTERLY CONTESTED IN
COURT BY BOTH SIDES

Defendant Was Accused of Hav-
ing Shot to Death E. L.
Wann.

Dan Gilchrist, prominent Courtland
resident, must serve a year and a
day for manslaughter according to a
jury verdict in the Circuit court at
Moulton. The defendant was charged
with killing E. L. Wann, another well
known Courtland cotton broker. His
brother, Garth Gilchrist, jointly in-
dicted in the case, has not been tried.
His case was continued at the present
term of court.

The jury's verdict was returned
Friday. Gilchrist was found guilty
of manslaughter in the first degree
and sentenced to one year. The jury
made a technical error, it was
claimed, the verdict lacking one day's
sentence of complying with the law.
Following a discussion by attorneys,
the extra day was agreed upon and
was added in open court to the origi-
nal sentence of one year.

The trial just closed was the sec-
ond one for Dan Gilchrist. The first
hearing several months ago resulted
in a mistrial, the jury being unable
to agree upon a verdict after many
hours of deliberation.

Attracts Much Interest
The Gilchrist case, because of the
principals in the tragedy, attracted
much attention all over North Ala-
bama. All of the principals were well
known and are said to have been
wealthy.

Wann was fatally wounded during
an affray with the Gilchrist brothers
on the cotton platform at the Court-
land railroad station. Following the
shooting, Wann was brought to the
Benevolent hospital in Albany, but
medical aid failed to save him. Garth
Gilchrist was wounded during the af-
fray.

A feature of the case was the filing
of a damage suit by Percy Wann,
son of the deceased, against the Gil-
christ brothers for damages for the death
of his father.

Hard Fought
The case has been one of the hard-
est fought in legal annals in the
state. Leading attorneys of the Ten-
nessee Valley participated, the de-
fense being represented by: A. H.
Carmichael, of Tusculum; Earle
Smith, of Huntsville; W. H. Mitchell,
of Florence; G. O. Chenault, of Al-
bany.

Appearing for the prosecution were:
Solicitor D. C. Almon; Lawrence
County Solicitor Sherrod; Callahan
and Harris, of Decatur; Attorney
Lamb, of Corinth, Miss.

Every step has been bitterly con-
tested by both the state and defense.
Degrees Given By
The Scottish Rites

Degrees from the 19th to the 32th
were conferred by Scottish Rites Mas-
sons Friday at Birmingham on a
large class, including many North
Alabamians. The local class, of which
Thomas A. Bowles was elected presi-
dent, was composed of: J. P. Brock,
R. N. Nelson, J. C. Holesapple, H. B.
Zeitler, Thomas Hodson, Campbell,
Jack Jenkins, F. S. Hunt, Jerro Gib-
son, Charles Rountree, S. H. Robert-
son, T. A. Bowles, Bibb, McElroy and
McClellan.

GIRL EMPLOYES ASKED TO DONATE TO CAMPAIGN FUND

(International News Service)

CHICAGO, Sept. 11.—How twelve
\$120 a month girl employees of the
internal revenue collector's office at
Aberdeen, S. D., were called into a
hotel conference by the democratic
fund collectors, closely associated with
the revenue collector himself, and so-
licited for campaign contributions
today by Miss Junice Coyne, the news-
paper reporter who "covered" the
story and by Miss Jessie Burchard,
one of the girl's solicited. The testi-
mony of the girls aroused the senators
so that both Chairman Kenyon and
Senator James A. Reed openly ex-
pressed indignation.

SOUTH LIMESTONE CITIZENS FORM CLUB, BUY EQUIPMENT AND WILL BUILD OWN ROADS

WATERWAY MEET WILL OPEN SEPT. 15

PROGRAM INCLUDES ADDRESS
ON "RATES" BY A. G. PATTER-
SON OF ALBANY

MONTGOMERY, Ala., Sept. 11.—
Special—The question as to whether
the Alabama Waterways association
which will be organized at Montgom-
ery, September 15, shall become a
branch of the National Inland Water-
ways Association, is one of the im-
portant matters to be discussed at the
Montgomery convention. The frames
of the program have provided ample
time for the consideration of this
and other questions, in addition to the
addresses by waterways experts and
enthusiasts. A period of time has
been set aside at both the morning
and the afternoon sessions for general
discussion, free-for-all.

The official program, made public
here today, includes an address of wel-
come by Governor Thomas E. Kilby,
an address by Phillip T. Shanks, Sel-
ma merchant, chosen to open the
meeting as temporary chairman, elec-
tion of permanent officers, appoint-
ment of committees on organization
and resolutions, to report at the af-
ternoon session; address by Richard
M. Hobbie, merchant, of Montgomery,
and another on The Press and The
Port, by Oscar M. Dugger, editor of
the Andalusia Star. The morning ses-
sion, which will convene at the Ex-
change hotel promptly 10 a. m. will
close with a general discussion on the
whole subject of waterways develop-
ment and use.

Senator Oscar W. Underwood is the
first speaker on the program for
the afternoon session, which convenes
at 2:30 o'clock. The subject upon
which the senator was asked to speak
was The National Aspect of Water-
ways Development, but he will be
given as much time and as much lat-
titude as his subject requires. J.
Frank Rushton, of Birmingham, will
speak on the waterways and the min-
eral belt, or some similar topic. A. G.
Patterson, of Albany, will talk about
rates, and the Tennessee river.

Senator-Designate J. Thomas Hef-
lin, whose interest in the farmers and
their problems is widely known, will
discuss the subject of waterways trans-
portation as it affects the agricul-
turalist, and W. D. Nesbitt, of Bir-
mingham, will talk about "Birming-
ham" and the Jefferson county amend-
ment for the improvement of that
port. Interesting reports are expected
on the Warrior development, the barge
line, and work to be done on other
rivers, by The Brent, Henry DeBar-
delaben, and the U. S. Engineers in
this district. Following the regular
program, will be a general discussion
of the proposed amendment permit-
ting the state to lend its aid to the
development of Alabama's only sea-
port, Mobile.

DR. JOHN H. TODD, OF LONDON,
ENGLAND, WILL BE GUEST OF
MR. AND MRS. EDMUNDSON

Dr. John H. Todd, of London, re-
cognized as one of the greatest mod-
ern day economists, and a central
figure at the recent convention of the
American Cotton association at Mont-
gomery, will arrive here this after-
noon over the Southern Railway. He
will be the guest while here of Mr.
and Mrs. W. B. Edmundson, leaving
at 11 o'clock tonight for New York,
from which port he will sail for home.

Coming to America to address the
cotton convention and to get first-hand
information regarding the 1920 cotton
crop, Dr. Todd went from Montgomery
to Texas on a trip of inspection. While
here he will continue his investiga-
tions.

HARDING, POSING AS FRENCH SCHOLAR, SAYS TWO TEXTS OF TREATY ARE DIFFERENT

(International News Service)

MARION, Sept. 11.—Senator Hard-
ing launched attacks on the Wilson
administration along two fronts to-
day.

Addressing a delegation of nearly
500 Chicago and Indianapolis business
men from his front porch this morn-
ing, he charged that a "bungling ad-
ministration which could not even run
its own business has put its hands
on the throat of American business
and all but strangled it with weird
economic theories and socialistic ten-
dencies." He pledged himself if elected
to let legitimate business alone and
run the government on a business-like
basis.

(International News Service)

In a later speech to a delegation
of Northern Indiana and Michigan
republicans, Senator Harding asserted
that America had narrowly escaped
losing her Monroe doctrine, "or going
to war to preserve it." He said that
America was being deceived about the
Monroe doctrine article of the League
of Nations covenant, which he ex-
plained is written in both English and
French. In Article 21 dealing with
the doctrine, Harding declared that the
English text said one thing and the
French another. The French version,
he asserted, does not guarantee the
Monroe doctrine and "in case of con-
troversy would subordinate it almost
to the point of complete abandon-
ment."

MOST SUCCESSFUL BOOSTER TRIP ENDS AMID ENTHUSIASTIC SCENES FRIDAY AFT.

1920 Series Passes Into History
After Parade Through
Local Streets.

HORNS TOOT, BAND PLAYS
AND BOOSTERS CHEER

Sixty Seven Cars Participate in
Impromptu Demonstra-
tion Friday Afternoon.

The most successful Booster trip in
the history of the Albany chamber of
commerce came to an official end amid
enthusiastic scenes Friday afternoon.
While the horns of 67 automobiles
lent their noise to the cheers of a hun-
dred Boosters and martial airs from
the Booster band, the series passed
into history on Second avenue shortly
before dusk after a parade through
local streets upon the return of the
trade evangels from Limestone coun-
ty.

Blessed with the best weather con-
ditions of the entire 1920 series of
trips, twenty-five cars crossed the
Tennessee river yesterday for the tour
of Limestone county communities.
Otto Moebes was marshal of the line.

Mooreville, first stop on the day's
itinerary, was reached slightly be-
hind schedule due to the bad roads
encountered shortly after the Athens
pike was passed. C. D. Patterson
acted as "toastmaster" for the trip.
He introduced F. F. Tidwell who made
the first address at Mooreville.

Mr. Patterson introduced E. C.
Payne, who spoke at Belle Mina, the
second stop. At both places big
crowds gave a cordial welcome to
the Albany visitors.

Roberts home visited
The home of Miss Roberts, one of
the best known women of Limestone
county, who is in bad health, was
visited by the Boosters and a number
of selections were rendered by the
band. The Boosters were given a per-
sonal welcome by Miss Roberts. Wel-
come also was extended by John H.
Peebles, prominent Limestone citizen.
He declared the progressive spirit
shown on the Booster trips is just
what the Tennessee Valley needs. He
accompanied the trade evangels on
the remainder of the day's itinerary.

Tanner was reached shortly after
noon and lunch was served there. Ad-
dresses were made by E. C. Payne,
E. C. Nix and Secretary McDaniels
following a short introductory address
by C. D. Patterson.

At Stewart's Cross Roads, Mr. Pat-
terson, Secretary McDaniel and E. A.
Henry talked.

The biggest crowd at Harris, in the
history of the Booster trips, welcomed
the visitors Friday. Mr. Patterson
and Secretary McDaniel spoke. A
vote of thanks was extended J. N.
Chase for the care taken of the cars
making the trips.

Parade Here
Returning to the Twin Cities, the
Boosters gave a band concert on
Fourth Avenue South, then moved up
Second to Decatur and after a parade
through Decatur streets, came back to
Second avenue where a second band
concert was given. Short addresses
were delivered by Secretary Mc-
Daniel and Mr. Payne. There were
67 cars in the parade through the
local streets.

The Boosters were ferried across the
Tennessee free of cost by J. S. Wal-
ker, operator of two ferry lines here.
Secretary McDaniel today expressed
the deep appreciation of the chamber
of commerce for the cooperation of
all citizens who aided in making the
Booster trips this year so successful.

POLES AND RUSS FIGHTING AGAIN

(International News Service)

PARIS, Sept. 11.—"Heavy fighting
between the Russians and Poles con-
tinued southeast of Grodno, east of
Brest-Litovsk and in the direction of
Vladimir-Volynski," said a soviet
war office communique wirelessly
from Moscow today.

"We are attempting to drive back
the Poles who crossed to the right
bank of the western Bug river," said
the communique, which added:
"There is local fighting in the region
of Rohatyn."

EDITOR OF THE DAILY TO RETIRE

It is with regret that the management of the Albany-Decatur Daily announces the voluntary retirement of H. D. Harkreider as editor of the Albany-Decatur Daily at a date convenient to himself. This publication and these cities lose a newspaper man whose place will be hard to fill, an editor who has done much toward the upbuilding of this publication and who has been of inestimable value in the steady progress enjoyed by all lines of endeavor in Albany-Decatur.

He has given his superior talent and the best there was in him, with the result that he has not only brought this paper to a standard where it is recognized as one of the best small papers in the south, but he has added largely to his own reputation as a newspaper man, which was established prior to his identification with publications in these cities.

He is conceded to be one of the most forceful of the editors and newspaper men of Alabama and his determination to sever his connection with this paper is a matter of regret to every member of its organization, especially to the management, with whom he has been closely associated for many years.

Mr. Harkreider may rest assured that in going elsewhere he carries with him the best wishes of the management and an appreciation of the faithful work he has performed in the service of the people and this paper.

He has disposed of his interest in the Tennessee Valley Printing Co., publishers of the Albany-Decatur Daily, and in his retirement from the editorial chair, while it is greatly regretted, he may rest assured, that the community at large has for him the confidence and esteem earned by him in his years of effort in its behalf.

His successor has not yet been chosen, but the paper will continue to be published on the high plane set by its retiring editor, and a service given to the people that will endeavor to merit their endorsement.

W. R. SHELTON, Manager.

THE PECULIAR HASTE OF SENATOR EDGE

Democrats have for some days been expecting the sudden adjournment of the senatorial committee named to investigate campaign expenditures. This outfit was created primarily to further the interests of Senator Harding in his fight for the republican nomination, and the wisecracks of the G. O. P. did not foresee that it might become an instrument in the hands of their political enemies. The "senatorial oligarchy" is not especially gifted with vision, any way, hence its opposition to the League of Nations. So it is not surprising that when it finds itself in a hole the only way out that the accumulated intellects of the entire Kenyon crowd could suggest was to beat it back to the tall timbers.

The expected has happened. Senator Edge, and he is not so keen—has issued a public statement in which he clamors for an early adjournment of the probers.

"I am convinced that the committee is simply becoming the vehicle for all types of insincere political charges and rumors for partisan effect," asserts the New Jersey solon. "And he goes further and adds his personal opinion that the charges of a \$15,000,000 slush fund, made by Governor Cox, have been thoroughly disproven. Already the Senator has forgotten the sordid story of an attempt to buy the presidency told by Henry M. Blair, assistant national treasurer of the republican party. He "disremembers" the statements, made under oath, of Treasurer Fred Upham. He is forgetful of the manner in which Mr. Upham has raised his sights until he now acknowledges a \$5,000,000 fund. He has ignored the testimony of Blossom in regard to the Cleveland quota, of McClure in regard to the Atlanta quota and of Bryson in regard to the Indiana quota. A rash of these witnesses—and they were republican witnesses—and hence reluctant witnesses—has admitted the truth of the Cox charges. And those who have denied them have been branded by the democratic nominee as "perjurers" and have not denied the allegation in the press or sought vindication in the courts.

Little wonder that Senator Edge is opposed to the further airing of "insincere political charges." He hates publicity like the ex-Kaiser hates

himself. He is tired of this one-sided muck raking. Unless the republicans can trump up some counter charges that will make good campaign material, he believes that the thing for the committee to do is to return a verdict of acquittal for the "money getters" and send the committeemen back to their own front porches.

SEPTEMBER BRINGS CHANGE IN ATMOSPHERE

August has returned during some of the days of this month and brought in a full supply of torrid weather—and we may have more hot days, but the great change from the heat of summer to the cooling fall has set in. Before we know it the cold days of winter will be upon us. It is grand and glorious to feel a tingle in the air after the roasting days and the oppressive nights of the good old summer time.

The Hoosier poet was moved to sing when he felt the coming of the days of fall: "Of course we love the flowers and the blossoms on the tree, and the hum of the humming bird and the buzzing of the bee; but there's something kind o' hardy like about the atmosphere; when the heat of summer's over and the cooling fall is here."

And then there is the fact of change. All of us brighten at the thought of change. We may be making a change of good weather for bad, a change toward ice and snow—but change means much to the human race.

Whether we like it or not, the pleasures and duties of a new season are upon us. The despair that may come to the man who finds that the moths have eaten holes in his last year's overcoat, will be relieved by the new snap that is in the air. And the merchant who has stocked his store with fall and winter goods, will be encouraged with the feeling that the cool season will encourage their sale.

Another proof that fall is near is the advance notices of the shows that are to come to the local theatres. The county fairs will soon be calling us and already one of the fall circuses has come and gone.

All in all, it violates no confidence to say that the fall of the year is at hand, and that before we have time to realize it the frost will be upon the pumpkin and the fodder in the shock.

MRS. CATT KNOWS TENNESSEE POLITICS

Mrs. Carrie Chapman Catt, the noted suffrage leader, admits that she learned of politics from Tennessee. Recently she gave an interview to "The Woman Citizen" in which she told of her experiences while at Nashville working for the ratification of the suffrage amendment.

Because it is so picturesquely descriptive and so true to form, the statement is re-produced by the Daily, in part, as follows:

"Never in the history of politics has there been such a force for evil, such a nefarious lobby as

worked to block the advance of suffrage in Nashville. In the short time, five weeks perhaps, I spent in Tennessee's capital, I have been called more names, more maligned, more lied about than in the thirty previous years I worked for suffrage. I was flooded with anonymous letters, vulgar, ignorant, insane. Strange men and groups of men sprang up, men we had never met before in battle. Who are they? We were told this is the railroad lobby, this is the steel lobby, these are lobbyists from the Manufacturers' Association, these came from the aluminum interests, this is the remnant of the old whisky ring. Even tricksters from the United States revenue service were there, operating against us, until the President of these great states called them off. They strove to weaken the purpose of younger men of the senate, notably a boy of 26 years from the mountains of East Tennessee, by third degree methods.

They appropriated our telegrams, tapped our telephones, listened outside our windows and transoms. They attacked our private and public lives. I will not tell you to what depths they finally descended when the desperation of defeat was upon them. It is a story to sicken the heart.

Those who have even a limited knowledge of the inside workings of Tennessee politics will never accuse Mrs. Catt of exaggeration. The only chapter of the sordid story that is untold relates to the lobby that the suffragists must have themselves maintained to triumph over such determined opposition.

California is about to out rival South America and Italy in the earthquake business.

Poland states she would be sorry to declare war on Lithuania; she will probably be twice as sorry if she actually does.

The airplane that attempted to run away with Theodore Jr. on board, seemed determined to do its duty.

If they stop giving sick sailors whiskey the general health of the navy will be improved, as the incentive to sickness will be removed.

If the coal shortage brings with it the necessity of some freezing to death, let them put it off as long as possible as there are a lot of interesting things happening in the world they will miss if they leave it.

Perseverance accomplishes much, but it did not get the striking Tennessee solons a thing.

HOT, DIZZY FEELING

Atlanta Lady's Uncomfortable and Annoying Condition Relieved, She Says, by Cardui.

Atlanta, Ga.—Miss Alice Frances Young, of 23 East Alexander Street, this city, says: "After entering womanhood, I suffered so much with womanly weakness. My back ached. I would have, at certain times, a hot feeling that seemed to go to my head. Even my shoulders would hurt, and it made me very dizzy and uncomfortable. When the blood would flow to my head—I suppose that was what it was—I would faint and feel so weak. "I couldn't do my work. I had a good position, and this was surely annoying as well as embarrassing. I would usually have to go home and go to bed. I certainly suffered greatly. "I heard of Cardui, and my mother bought it for me. It was the first and only medicine that ever did me any good for this trouble."

Dizziness, headache, dizziness, backache, tired-out feeling and other disagreeable symptoms are often signs of womanly troubles. Thousands of women who formerly suffered from these and similar ailments have found Cardui a very valuable remedy. Cardui is composed only of pure vegetable ingredients which have long been recognized as of medicinal value in the treatment of many diseases and disorders peculiar to women.

Take Cardui. Your druggist sells it.

The election of Thomas E. Watson as a U. S. Senator from Georgia will not help the candidacy of Governor Cox a single bit.

MISS CLOUD, OF

HAMLET, N. C., HONORED

Miss Elizabeth Cloud, of Hamlet, N. C., who is the charming house guest of Mrs. C. M. Kortrecht was the inspiration yesterday afternoon for a bridge party, when Mrs. Kortrecht entertained in her honor.

The home was tastefully arranged with potted plants, ferns and asters, making a pretty setting in the living room for the four tables of players.

Miss Cloud was presented with a pretty souvenir as a memento. Mrs. R. G. Cortner received a deck of cards for top score. A delightful salad course, sandwiches and ice tea were served to the following guests: Miss Elizabeth Cloud, Mrs. Paul Crawford, Mrs. Dyke Echols, Mrs. A. A. Jones, Mrs. Julian Bibb, Mrs. Law Lamar, Mrs. Harbin Miller, Mrs. B. P. Wallace, Mrs. Marcia Bullard, Mrs. R. G. Cortner, Mrs. Council Elliott, Mrs. W. K. McNeill, and the Misses Pauline Robinson, Carolee Speake and Jane Knight.

BRIDGE COMPLIMENT FOR MRS. BOYD

Thursday afternoon, Mrs. Fred S. Hunt entertained at Auction Bridge, honoring Mrs. S. H. Wilds' house guest, who leaves shortly for Havana, Cuba. The interesting game was played at two tables and resulted in Miss Maria Evelyn Calvin making top score.

Following the game a salad course was served. The guest list included: Mrs. Ray Boyd, Mrs. S. H. Wilds, Mrs. B. M. Bloodworth, Mrs. Will Wyker and the Misses Mabel Nesbit, Maria Evelyn Calvin and Helen Wallace.

Miss Alice Dekle, the new music teacher of the Decatur City schools has arrived and will be ready to enroll pupils Monday morning at the school building from 9 to 11 o'clock.

Miss Julia Finley of McCormack, S. C. has arrived in Decatur and will teach science in the high school.

MRS. Wm R. NELSON AND

MISS COLLIER HOSTESS AT BRIDGE

Last evening a delightful party was tendered the Misses Fannie Brown Collier, who leaves shortly for Birmingham, and Louise Collier, who returns to Washington, D. C. Sunday, when Mrs. Wm R. Nelson, and Miss Marcella Collier, entertained jointly at five tables of Auction Bridge in their honor.

The attractive apartment of Mrs. Nelson was beautifully decorated for this event in marigold, ferns, dahlias and potted plants.

Mrs. S. H. Wilds was the lucky contestant for the evening and received the prize while Mr. Wilds cut the consolation.

At the conclusion of the game an ice course was served. Those included in this hospitality were Mr. and Mrs. S. H. Wilds, Mr. and Mrs. B. M. Bloodworth, Dr. and Mrs. B. F. Austin, Mrs. Ray Boyd, Mrs. Rufus Pearson, Mrs. Carl Happer, Mrs. Will Houston, Mrs. Russell Green and the Misses Nela Garner, Mabel Nesbit, Fanny Brown Collier, Louise Collier, Miss Patrick, Carolee Speake and W. R. Nelson.

AFTERNOON BRIDGE PARTY

The home of Mrs. Herbert Odom was the setting Friday afternoon for a beautifully planned party, when Mrs. Richard Harris of Town Creek and Mrs. Odom were charming hostesses. A profuse and artistic decoration of fall flowers was used throughout the entire reception suite. Golden rod was banked on the mantle and in the fire place of the living room while baskets of the same statelily flowers completed the decorative scheme for that room. Heavy headed red roses nodded from tall vases in the dining room, and crystal bowls of dahlias lent an added charm to the library.

In the bridge game Mrs. O. Kyle made top score and was presented an ivory boudoir vase. Mrs. J. Chaffin cut the consolation, a hand embroidered organdie collar. After the game and the prize presentation the hostesses served a pink ice course. The guest list included Mesdames T. M. Jones, Jr., B. Crawford, R. Pearson, E. W. Gedbey, Harry Carpenter, W. N. Hall, Cline, Phil Humphrey, J. Chaffin, H. D. Greer, Cowden, W. R. Smith, Joseph Pettet, J. Knight, Lacey, W. B. Markstein, W. C. Bailey, Burton Austin, Russell Green, Edwin McGregor, Gordon McDuff, T. H. Alexander, McDougald, LeRoy McEntire, John McGehee, J. Y. Hamill, George Wallace, James Johnson, Wallace Carson, Earle Calvin, Robert Daniel, Frank Lide, John Pointer, Sam Irwin, J. A. Cullom, E. N. Penick, Misses Pansy Russell and Mary Penick.

FRIDAY NIGHT CLUB

Mrs. C. L. Saunders entertained the Friday night Card club last evening at her apartments on Sherman street. Bridge was played at three tables arranged in the living and dining room. The club trophy fell to Mrs. Rankin and the guest prize to Mrs. Caddell. The hostess served an ice course at the close of the evening. Playing with the club members were: Mr. and Mrs. O. C. Parker, and Mr. and Mrs. T. A. Caddell.

The Christian Women's Union will meet with Mrs. E. E. Clemm, Decatur, Monday afternoon at 3 o'clock.

ROUND OAK

PIPELESS FURNACE

and Special Ten-Day
Money-Saving Offer

YOU CAN SAVE \$30 TO \$60 BY
ORDERING NOW

You may not be able to get one next winter at any price. The supply is limited and we can only be sure of getting a portion of the allotment for this territory by having them shipped before the present car shortage shuts us off entirely. Substantial savings in freight handling and storage expense are some of the reasons why this offer is possible—and limited to those who have a small place to keep the heating plant until we can install.

Heaters may be delivered to your premises direct from the freight cars as fast as they reach us.

You can be sure of having your Round Oak ready for use before cold weather. We can guarantee this only on orders placed now.

Under present conditions this means as much or more than the money-saving. Winter weather is only a few weeks away and we want to protect Round Oak buyers against the inconvenience certain to those who delay. By knowing this much in advance that you want one we can guarantee your home will be warm and comfortable when the first days of early Winter arrive.

IF YOU LIVE WITHIN 25 MILES AND HAVE A SMALL PLACE TO KEEP THE HEATING PLANT UNTIL WE CAN INSTALL IT YOU MAY TAKE-FULL ADVANTAGE OF THIS OFFER.

No extra charge for delivery or installation for out-of-town people during this period.

Liberal terms if desired to those who place orders NOW.

You need not endure another winter of discomfort, dirt and excessive fuel-burning. Terms can now be arranged which put the Round Oak within the means of most any home-owner.

A small cash deposit is all you need to invest NOW—to save \$30 to \$60, according to the size required. We do not want you to have a single reason for delaying your decision with the risk of not being able to get a Round Oak later at any price.

Your home should be examined to see if it CAN be properly warmed with the pipeless method. Not every home can be heated with this system but the Round Oak engineers only allow us to install them where they can be guaranteed a safe, sound, investment for the users.

If your home is approved by the Round Oak engineers, you get a service that satisfies the most exacting. The \$3,000,000 Round Oak organization is back of it!

Call, write or phone today. Many places must be seen during this period. You should call or send in your name as soon as possible—Today if you can.

MR. G. H. GUTHRIE, HEATING ENGINEER IS HERE FROM FACTORY

Morgan Furniture Co.

ALBANY, ALA.

1. What the Round Oak Does for You:

Heats your entire house, either large or small, upstairs and down, old or new, city or country, flooding it with an abundant supply of pure, warm ever-changing moist air, permanently free from dust, gas and smoke. Safeguards the welfare of your family by warming your home to a comfortable temperature in any weather. Affords most convenient, easiest operated, simply regulated, safest, quickest heating, modern system you can own. Burns any kind of fuel, coal or wood and saves 1-3 to 1-2 of your fuel bill. Saves you many dollars in cost, compared to other types of systems. Increases value of your property more than amount invested in its purchase.

2. About Installing Round Oak for You:

Requires no space in rooms, least space in basement, easiest, least expensive, and quickest to install in new or old buildings, does not warm basement enough to necessitate building special closet for storage of fruits and vegetables, reduces fire risk, will last a lifetime, barring abuse.

3. Where the Round Oak May Be Used:

Homes old or new, large or small, city or country, summer cottage, as an auxiliary to steam or hot-water plants, for more economical and convenient use in spring or fall—churches—stores—halls—small factories—schools—public buildings—or wherever necessary to have a heating plant that is installed quickly, draws easily, heats rapidly, economically, saves space and is simple to operate.

4. Why You Are Absolutely Safe:

Your order for a Round Oak Pipeless is accepted with the understanding that unless the trained heating engineers of the manufacturers can safely guarantee it to operate efficiently in your home it will not be installed, and we will refund any money paid. Their decision will be made after careful study of conditions in each home—no guess work. This protects all concerned. This engineering service is free. Ask us for more information.

5. Compare the Round Oak with Stoves:

It warms all the home to an even temperature by circulating the heat, while heating stoves radiate the heat but a short distance and cannot heat evenly. With a Round Oak Pipeless there is but one fire to ruin, no fuel or ashes to be carried through the living rooms, nothing to "set up" or "take down" every fall and spring. Always ready for instant use. Saves time, work and expense.

6. Compare with Steam Heat or Hot Water:

The Round Oak warms the home quicker—no waiting, and provides an abundant supply of ever-changing, circulating moist air, which well-informed physicians recommend as most healthful, instead of bone-dry heat. No radiators to keep clean or take up space in rooms—no hissing, pounding noises; no expensive leaks to "need fixing," requires no special care in case you are away during freezing weather. Keeps the basement cool for the storage of fruits and vegetables.

7. Compare with "Hot Air" Furnaces Having Pipe and Registers to each room:

In a home where trained heating engineers would specify either type of air-circulating furnace as suitable, the Round Oak Pipeless has several conveniences over the pipe furnace: (1) Only one large register needed in the entire house; (2) no heat-pipe damper to regulate—simply close the door of any room not to be heated; (3) takes less space in basement; (4) no loss of heat through pipes in wall or basement; (5) no heat pipes to be replaced because of rusting; (6) no chance for installers to deviate from engineer's specifications, with the risk of an inefficient heating plant. Makers of the Round Oak Pipeless build their heating engineer's specifications right into the furnace at the factory, so that features vital to satisfactory heating cannot be altered or tampered with.

LEGION MAY RECONSIDER "POLITICAL RESTRICTIONS" AT NATIONAL CONVENTION

(International News Service)

NEW YORK, Sept. 10.—Strong sentiment throughout the country in favor of a reconsideration of the political restrictions clause in the constitution of the American Legion is perhaps the most striking feature of a comprehensive nation-wide survey just completed by the American Legion Weekly. The aim of the canvass was to discover what seems to be uppermost in the minds of the two million members of the legion, who scattered among 9,000 posts in every town in the United States and in many foreign countries, recently have finished the selection of 3,000 delegates to voice their will at the second national convention of the legion which convenes September 27 in Cleveland, Ohio.

The sentiment is widespread that a too narrow interpretation of the present political restrictions clause will work injury to the legion by excluding it from participation in public affairs of the country. Many prominent legion members believe the existing clause should stand as it is, but that a more liberal interpretation than generally has been observed heretofore be agreed upon. The present clause follows:

"The American Legion shall be absolutely non-political and shall not be used for the dissemination of partisan principles or for the promotion of the candidacy of any person seeking public office or performance. No candidate for or incumbent of a salaried elective public office shall hold any office in the American Legion, or in any department or post thereof."

Discussing the situation the next issue of the legion's official publication will say:

"Politics will be one of the paramount issues at the national convention of the American Legion. This prediction is neither ludicrous nor paradoxical in the light of the American Legion's oft-proclaimed status as an 'absolutely non-political organization.'"

"It is simply a statement of fact—a fact advanced with a purely informative objective, a speculative attitude and an unbiased viewpoint. It is a deduction based on signs which are unmistakably in evidence whenever legionaries are active. No matter what individuals may feel toward the problem of the legion's participation in politics—whether they believe posts and departments should be free to support or oppose certain candidates, or whether they believe the organization's policy should be to avoid taking any side whatever, under any circumstances—all apparently realize that the convention will be the opportunity to bring the question out into the open.

Persons actively engaged in promoting the legion's interests assert the demand for a new statement of policy on the attitude of the organization toward politics has been spontaneous. Proof need extend no further than the following resolution adopted by the Department of Indiana at its recent convention:

"Resolved, that necessary action be taken to provide for the dissemination of data to each post of the American Legion in Indiana regarding the actual stand taken by each and every member of the State Legislature and other public officials where possible to obtain their views by vote, speech or action on any and all matters pertaining to the welfare of the American Legion; and

"Be it further resolved, that recommendations be made by this convention to the National Convention of the American Legion for a like provision regarding the members of the United States Congress and national public officials.

"A prominent California legionnaire advocated the placing of a legion ticket in the field and from Oklahoma and Tennessee have come unofficial reports of the active participation of legion members in the campaigns of candidates for State and national public offices, the legionnaire directing their attention to the candidates' war records.

"Evidence of the views of Franklin D'Olier, the national commander, are afforded by a telegram forwarded by him to Basil Stockbridge, commander of the Department of Georgia. The message was in reply to one from Mr. Stockbridge telling of the fight the legion in Georgia is waging against Thomas E. Watson, candidate for United States Senator. Mr. Stockbridge says: 'We shall scrupulously observe both the letter and spirit of our constitution and abstain from taking a partisan or political stand. Our fight is based on Watson's war record.'

Commander D'Olier's reply reads: "Because of his service during the war, no civilian has any sense of his responsibilities as a citizen and voter keener than that of the ex-service man. No State furnished more patriotic and loyal soldiers than Georgia, and members of the American Legion of Georgia owe it to themselves and to the memory of their fallen com-

individual, regardless of party, whose record during the war was disloyal and unpatriotic. This can be done without conflicting directly or indirectly with either the letter or the spirit of our constitutional restrictions against partisan political activity."

GERMANY FACING A BLACK WINTER

(International News Service.)

BERLIN, Sept. 11.—With 4,500,000 of her workmen idle, Germany faces a black winter. Last winter the country was menaced by political riots. The nation is threatened during the coming winter with food and labor disturbances. The chief danger comes from unemployment and the empty dinner pail. Only the railroaders and the coal miners are working to full capacity. The minister of labor announced today that 50,000,000 marks will be appropriated to assist the unemployed.

A PROCLAMATION

STATE OF ALABAMA
EXECUTIVE DEPARTMENT.

WHEREAS, The Legislature of Alabama, at its regular session in the year 1919, ordered an election by the qualified electors of the State of Alabama upon a certain proposed amendment to the Constitution of Alabama, which is herein set forth, to be held at the general election in November, 1920; and

WHEREAS, Notice of such election together with the proposed amendment is required by law to be given by proclamation of the Governor;

NOW, THEREFORE, I, Thomas E. Kilby, Governor of the State of Alabama, do hereby give notice, direct and proclaim that at the general election in November, 1920, an election will be held for the vote of the qualified electors of the State of Alabama, in the manner, form and places required by law, upon the following amendment to the Constitution of Alabama, viz:

"Section 93. The State shall not engage in works of internal improvement nor lend money or its credit in aid of such, nor shall the State be interested in any private or corporate enterprises or lend money or its credit to any individual association or corporation, provided that the State may under appropriate laws cause the net proceeds from the convict fund to be applied to the construction, repair and maintenance of public roads in the State, and the legislature may also make additional appropriations for that purpose; and provided further, that the foregoing prohibitions shall not apply to the promotion, development, or operation of harbors or seaports within the State or its jurisdiction, provided, further, that any such work or improvements shall always be and remain under the management and control of the State through its State Harbor Commission or other governing agency and provided further that the adoption of this amendment shall not affect any other amendment to the Constitution which may be adopted pursuant to any resolution of this session of the Legislature."

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Great Seal of the State to be affixed at the Capitol in the City of Montgomery, on this 27th day of August, One Thousand Nine Hundred and Twenty.

TWENTY-FIVE CARLOADS PAPER USED WHEN WOMEN VOTE

And Election Boards of Country Will Also Have O. K. Little Item of 13,500,000 Additional Lead Pencils.

(International News Service) WASHINGTON, Sept. 10.—Without counting the cost of registration the American Forestry Association announced today that with 27,000,000

of about 804,000 pounds of paper will be pencilled by the women either with a cross at the top or by scratching the ticket. Careful estimates of the association show the paper will cost \$60,000 and that the press run on the ballots will figure \$20,000. The total cost, including cutting and wrapping, at \$5,000, will be \$100,000. The composition and the plates for such a big run, were it all done in one shop, make up the rest of the association's estimate.

If half the number of lead pencils have to be put in to meet the extra Election Day business, that means 13,500,000 pencils at a cost of not to exceed five cents per pencil, and pencils have gone up like everything else there, the association figures, is a little bill of \$675,000 for the elections boards to O. K.

This figure does not take into consideration the fact that tons of paper will be used in registering the women in order that they may vote. The association has only made estimates on the Presidential election and the average size of the ballot in such a case is 16 by 22 inches. The association says registration, which is done in books, will probably use up as much

more paper. Here are the questions the women will have to answer under oath:

Residence and whether more than one family lives in the same house.

Party affiliation if they wish to vote in the primaries.

Their age.

Their nativity—place of birth.

Their color.

The time they have lived in their precinct, legislative districts and State.

If they have been naturalized or were born in this country.

The date of their naturalization and the court where it took place.

After each name is a blank space for remarks to be made by the judges whenever they see fit to do so.

"This one little detail of the women voting is a welcome one," says Charles Lathrop Pack, president of the American Forestry Association, "for the women of the country can now be actively enlisted in a way they can make that enlistment felt for a national forest policy. Paper is made from pulp wood and the newspaper publishers know all about the mounting cost of that, but none because they are going to use up twenty-five carloads of paper to exercise the franchise.

"The women of the country are the great tree planters. The women members of the American Forestry Association are the great workers for conservation of our natural resources and now that they can vote we will bear much more in a positive way for a national forest policy.

"Extra use of paper for voting is nothing when compared to some of the uses into which the products of our forests are going at a rapid rate. Thousands of men are at work and millions of dollars are invested to put 700,000,000 matches on the market every year. I do not believe that quite all of them go to lighting gas stoves for heating the husband's coffee every morning. I believe a goodly share goes toward lighting his evening pipe. One match conceals alone uses two hundred thousand feet of yellow pine logs and sugar pine every day in this great match industry. So you see the extra burden of our forests because of the women voting will not be a great load. The big thing is that now the women can vote we are just so much nearer a national movement that will conserve our forests, which are being depleted or destroyed by fire nearly three times faster than we are replenishing them."

Figures in the Moon.

Some keenly observing people see a woman alongside the man in the moon and account for her presence there by her churning on Sunday while the "old gentleman" chopped the wood. A pretty eastern fancy is that the figure in the moon is that of Ina, who weaves the clouds into white cloth and who sent her husband back to earth by the rainbow ridge in order that death might not doom her heavenly home.

TO WHOM IT MAY CONCERN

There will be an application made to the Board of Pardon to either pardon or parole Wesley Jennings for the alleged offense of burglary, having been convicted at the present Term, on August 5, 1920, of the Circuit Court of Morgan County, Alabama, and sentenced for term of not less than 1 year and 1 day, nor more than 13 months in State penitentiary, by said Court.

Dated this 30th day of August, 1920.

S. C. JENNINGS,
His father.

NOTICE

Notice is hereby given that application will be made to the Legislature of Alabama at a special session of same which convenes on September 14, 1920, for the passage of substantially the following bill:

A bill to be entitled "An Act for the Relief of the Fidelity & Deposit Company of Maryland as the Surety on the Official Bond of J. D. Epperson, heretofore County Treasurer of Morgan County, Alabama, and to authorize and Direct the Board of Revenue of Morgan County, Alabama, to remit the Judgment obtained upon the payment by said Surety of all Court costs and attorney's fees incurred by Morgan County in said suit."

Whereas, J. D. Epperson, as County Treasurer of Morgan County, Alabama, retained as his commission upon receipts and disbursements of County funds the aggregate of \$4398.80 on the theory, that he, like his predecessors in office, was entitled to \$1000.00, per year, whereas the Supreme Court construed the order of the Court of County Commissioners to have the effect of limiting the compensation to \$800.00 per year, thereby holding that he was entitled to the sum of approximately \$3356; and, Whereas, the duties of said County Treasurer, during his term of office, were increased and multiplied, and he was put to heavy expense in paying premiums on supplemental bonds for the building a system of Piked Roads, and he more than earned the salary and compensation retained by him; and,

Whereas, judgment was obtained against the Fidelity and Deposit Company as surety on his official bond on December 16, 1919, for the said overcharge under the ruling of the Supreme Court, from which an appeal was taken.

Now, therefore, be it enacted by the Legislature of Alabama:

Section 1. That the Board of Revenue of Morgan County, Alabama, be and it is hereby authorized, empowered and directed to remit said judgment so obtained as aforesaid upon the payment by the said surety of all court costs and attorney's fees incurred by Morgan County in said action, and upon payment of same to mark said judgment paid and satisfied.

Section 2. This act shall go into effect immediately upon its passage and approval by the Governor.

Colby Can't Aid Women of Georgia

(International News Service)
ATLANTA, Sept. 11.—Secretary of State Colby has replied to the protest of Mrs. Mary L. McLendon, suffrage leader, stating he has no authority to deal with the matter of the denial of suffrage to women in the recent Georgia democratic primary. Mrs. McLendon and other women in different sections of the state presented themselves at the polls but were denied voting privileges. Mrs. McLendon declares she will employ a lawyer and take any steps to secure her rights to vote under the nineteenth amendment.

A PROCLAMATION

STATE OF ALABAMA

EXECUTIVE DEPARTMENT.
WHEREAS, The Legislature of Alabama, at its regular session in the year 1919, ordered an election by the qualified electors of the State of Alabama upon a certain proposed amendment to the Constitution of Alabama, which is herein set forth, to be held on the proclamation of the Governor, and,

WHEREAS, Notice of such election, together with the proposed amendment is required by law to be given by proclamation of the Governor;

NOW, THEREFORE, I, Thomas E. Kilby, Governor of the State of Alabama, do hereby give notice, direct and proclaim that at the general election in November, 1920, an election will be held for the vote of the qualified electors of the State of Alabama, in the manner, form and places required by law, upon the following amendment to the Constitution of Alabama, viz: The Legislature shall have the power to authorize the counties of Alabama which have or which shall have taxable property in such counties of one hundred millions of dollars annually, or more, according to the assessments by such counties for the year 1918, A. D., or according to any assessment hereafter made, to acquire, construct, purchase, own, lease, maintain, use, control and operate highways, railroads, by any kind of motive power conveyance or appliance; freight stations; passenger stations; wharves; piers; docks; warehouses; grain elevators; storage tanks; team trucks and all other facilities and structures appurtenant thereto, for the purpose of receiving, carrying, delivering, reducing in bulk, storing or preparing for shipment of goods, wares and merchandise or passengers over such railroads or in or through such terminal facilities, in aid of intrastate, interstate or foreign commerce; including the dredging, on both banks of the approaches to the water terminals.

Section 2. The Legislature shall have the power to authorize and empower such counties to issue bonds, lend their credit, grant public money, or other thing of value in aid of the internal improvement as described in Section 1 hereof.

Section 3. The Legislature shall have the power to authorize such counties to levy and collect a special tax not exceeding twenty cents on each one hundred dollars of taxable property in such counties, in addition to the maximum rate of taxation prescribed in the Constitution of Alabama. The funds thus raised are specifically reserved to be applied only to the creation and support of the internal improvement herein and hereby authorized.

Section 4. That all such counties shall have the right, power and authority to acquire, construct, purchase, own, lease, maintain, use, control and operate highways, railroads—by any kind of motive power conveyance or appliance; freight stations; passenger stations; wharves; piers; docks; warehouses; grain elevators; storage tanks; team trucks, and all other facilities and structures appurtenant thereto, for the purpose of receiving, carrying, delivering, reducing in bulk, storing or preparing for shipment of goods, wares and merchandise and passengers over such railroads or in or through such terminal facilities, within, across or through its own territory or the territory of adjacent counties.

Section 5. That any enactments of the Legislature of Alabama contingent upon the ratification of this amendment to the Constitution of Alabama by the qualified voters of the State, shall be validated and become a force and effect immediately this amendment is so ratified.

Section 6. All such counties of Alabama are hereby authorized and empowered to increase the limit of county indebtedness from 3% to 4% per cent of such taxable property.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Great Seal of the State to be affixed at the Capitol in the City of Montgomery, on this 27th day of August, One Thousand Nine Hundred and Twenty.

THOS. E. KILBY, Governor.

COUNTRY'S VAST WATER POWER RESERVE WILL BE DEVELOPED

By Lee Ellmaker, International News Service Staff Correspondent
WASHINGTON, Sept. 10.—Development of the vast water power reserves of the United States will begin within the next year if the plans outlined by the Federal Water Power Commission and the representatives of the corporations, planning to take up the task who met here in conference, are fulfilled.

The Water Power Commission has received more than a score of applications from all parts of the country for consideration of specific projects as soon as regulations can be formulated for the granting of water power licenses to carry into effect the provisions of the water power legislation signed by the president following the close of the last session of Congress.

Fears of persons interested in the water power development that the Government would levy heavy charges for the development of power have been dispelled by the provisions of the legislation and the attitude of the Commission. The question of State charges is one which the men who were present at the conference have not been fully able to ascertain.

Water right charges in several States already have been determined. In others action must be taken. In the development plans, already outlined to the commission, in only one case at hand today has a municipality applied for water power development permission. This application came from the city of Buffalo, N. Y. In practically every case brought to the attention of the commission large interests are taking up the task.

O. C. Merrill, of the Interior Department, executive secretary of the commission, said the details of the applications will be announced by the

commission later. Nothing will be done on individual cases, however, until the general plans for granting licenses are completed.

There has been no action taken to prevent the commission from functioning because of the failure of the President to sign the Water Power bill before the adjournment of Congress. At the time the bill was signed, upon the advice of the Attorney-General, it was declared by many that any act signed after the adjournment of Congress could not become a law.

The use of small capital or community financing of local projects is a matter which neither representatives of the commission or the electrical concerns has gone into. Plans discussed recently, however, pointed to the possibility of money being raised by local communities.

NEW WALLACE REID

PHOTOPLAY TRAVELS

AT A LIVELY PACE

PRINCESS SATURDAY

Wallace Reid in a spirited screen version of the stage farce, "Sick Abed", will be the attraction at the Princess Theatre on Saturday.

The story concerns one Reginald Jay, who gets himself into laughable complications through trying to help an old friend of his father's out of a scrape. The latter has earned the wrath of his jealous wife because he went to a road-house with a certain lady customer of his firm. Reginald is wanted as a star witness in the pending divorce suit. To escape, he feigns sick and a pretty nurse is assigned to attend him. Not only does Reggie put over the deception successfully, but he wins the nurse in the bargain.

Vivacious Bebe Daniels figures as the nurse and an excellent comedy teammate for Mr. Reid. Winifred Greenwood, John Stepping, and Tully Marshall are also in the supporting cast. The picture, which is a Paramount Arctura, was directed by Sam Wood.

NAZIMOVA IS DANGER

IN HER NEW PICTURE

Nazimova, the brilliant Russian star, in her newest production, "Stronger Than Death," is announced by the management of the Princess Theatre as the special attraction, beginning on Monday next, for a run of two days. The presentation of this great artist in a great photodrama is described as a particular treat for motion picturegoers.

In "Stronger Than Death," Nazimova returns to powerful emotional roles after her clever impersonation of the chorus wail in her picturization of Maude Fulton's Mephisto stage play, "The Brat." Nazimova is cast as Sigrid, a London music hall dancer, who finds love in the almost wilderness of India, whether she goes for rest.

The story is an adaptation by Charles Bryant of I. A. R. Wylie's brilliant novel of Anglo-Indian life. It is said to be replete with thrills and compelling dramatic climaxes that grow out of an abortive mutiny and massacre of the English planned by the fanatical Hindu natives.

Nazimova's biggest scene is her dance on the steps of the temple—a weird dance in the moonlight which strikes awe and terror to the hearts of the blacks, and causes them to delay their uprising until the British garrison comes to the rescue of the civilian community of Gaya. Her sacrifice is rewarded by the devotion of the hermit doctor, the strong male figure in the tense drama.
